Project: github.com/dhanushdhanush3075-ai/ai-dtctm

CAREER OBJECTIVE

To begin my career as a junior Python developer or software engineer where I can apply my programming and problem-solving skills, learn from experienced engineers, and grow into a strong contributor.

EDUCATION

Master of Computer Applications (MCA) 2024 - 2026 (Expected May)

Meenakshi College of Engineering, Chennai | **CGPA: 8.4 / 10**

Relevant subjects: Operating Systems, DBMS, Computer Networks, Cryptography and Network Security, Machine Learning, Software Engineering, Data Structures and Algorithms.

Bachelor of Science, Mathematics 2020 - 2023

Muthurangam Government Arts College, Vellore | **CGPA: 5.9 / 10**

TECHNICAL SKILLS

Programming Languages	Python (Intermediate), Java (Basic), SQL, HTML, CSS
Libraries / Frameworks	Streamlit, scikit-learn, NumPy, pandas, Docker SDK for Python, ReportLab
Tools and Platforms	Git, GitHub, VS Code, Jupyter Notebook, Microsoft Excel, MS Word, PowerPoint, PowerShell
Databases	SQLite, MySQL (basic), Supabase (PostgreSQL basics)
Concepts	Object-Oriented Programming, Machine Learning basics, REST APIs, SQL queries, Cybersecurity fundamentals

AREAS OF INTEREST

- Python application development
- Machine learning and data analysis
- Cybersecurity (malware analysis, threat intelligence)
- Open-source tool building

PROJECTS

AI-DTCTM | AI Digital Twin Cyber Threat Mitigation Dec 2025 - Present

Python, Streamlit, Docker, scikit-learn, SQLite

- Built a Windows desktop application that scans files for malware using multiple detection layers and checks URLs against six public threat intelligence feeds.
- Used Docker to safely run suspicious code inside an isolated sandbox so the host system stays untouched during analysis.
- Wrote a simple machine learning classifier in scikit-learn that scores every file from zero to ten and shows the analyst which features triggered the verdict.
- Packaged the application as a portable Windows installer that runs on locked-down college and corporate laptops without administrator permission.

Statistical Analysis of Student Performance 2022 - 2023

Microsoft Excel, Descriptive Statistics

- Analysed academic data of approximately two hundred students using mean, median, mode and standard deviation to identify trends across departments.
- Built a single-sheet Excel dashboard with conditional formatting and pivot tables to make the results easy to read and compare.

STRENGTHS

- Quick learner who picks up new tools easily.
- Team-oriented and comfortable explaining technical work to non-technical people.
- Good time management and ability to meet deadlines.
- Self-driven, able to finish projects without close supervision.
- Patient with debugging and willing to chase the root cause.
- Good written and conversational communication in English and Tamil.

LANGUAGES KNOWN

Tamil	Read, Write, Speak (Native)
English	Read, Write (Good), Speak (Conversational)

ADDITIONAL LEARNING

- Self-paced learning of Python, machine learning and cybersecurity through online tutorials, YouTube playlists, and hands-on project building (the AI-DTCTM project itself was the main learning vehicle).
- Currently exploring NPTEL Programming in Python (IIT Madras) and Coursera Python for Everybody specialisation.

HOBBIES

- Playing and watching football.
- Listening to Tamil and instrumental music.
- Reading technology blogs and cybersecurity articles.

PERSONAL DETAILS

Date of Birth	19 October 2002
Father's Name	Mr. Siva Kumar G
Gender	Male
Marital Status	Single
Nationality	Indian
Permanent Address	149, Anna Nagar, Kamavanpettai, Vellore - 632319, Tamil Nadu, India

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.

Place: Vellore

Date: _____
